**Security Message for U.S. Citizens: Continuing Demonstrations**  
**May 8, 2015**

U.S. Embassy Skopje informs U.S. citizens of the potential for continued demonstrations organized by political groups in Macedonia. Further demonstrations may form with little or no notice. U.S. citizens should follow local media for up to date information on demonstrations and potential disruptions of traffic.

The groups have stated that they plan to organize daily protests at 18:00 in front of the Government and/or Parliament building. The anticipated sizes of the protests are unknown. Previous similar demonstrations in Skopje took place in front of the Government and Parliament buildings. The protests may block key road intersections and/or disrupt public transportation. Demonstrations have also occurred in the cities of Bitola and Prilep.

U.S. citizens should avoid areas of demonstrations, and exercise caution if in the vicinity of any large gatherings, protests, or demonstrations. Even demonstrations intended to be peaceful can turn confrontational and escalate into violence. U.S. citizens are advised to respect local laws, pay close attention to developments and potential traffic disruptions through local media, and plan alternate routes should you find your original plans affected. Further demonstrations in Skopje or other areas may form with little or no notice.
